AKSHAYA BALAJI

SUMMARY

Passionate and detail-oriented Full Stack Developer with a strong foundation in web development, databases, and problem-solving. Currently pursuing a Bachelor's in Computer Technology at KG College, I have experience working with front-end and back-end technologies, building dynamic and responsive web applications.

Proficient in HTML, CSS, JavaScript, React, Node.js, Express, MongoDB, and MySQL, I am always eager to learn new technologies and enhance my skill set.

Beyond coding, I have a creative mindset, which reflects in my passion for designing and writing. I am highly motivated to contribute to innovative projects and collaborate with teams to deliver impactful solutions.
